

**AMENDMENTS TO THE CLAIMS**

1. (Currently Amended) A form for use with a flowable construction material comprising:

a base portion having a front face and a rear face, said front face including a decorative pattern selectively transferred to the flowable construction material, an outer peripheral wall defined between the front face and rear face, said outer peripheral wall including a plurality of apertures, each aperture selectively receiving an attachment mechanism such that a plurality of forms may be placed in alignment by way of said apertures;

a reinforcement matrix secured to said rear face; and

\_\_\_\_\_ wherein both said base portion and said reinforcement matrix are molded in one-piece from a non-metallic, non-wooden material.

2. Cancelled

3. (Previously Presented) A form as recited in claim 1, wherein said non-metallic, non-wooden material is a plastic.

4. (Original) A form as recited in claim 3, wherein said plastic includes fiberglass strands.

5. (Original) A form as recited in claim 1, wherein said reinforcement matrix comprises a series of integral braces.

6. Cancelled.

7. Cancelled

8. (Previously Presented) A form as recited in claim 1, wherein said pattern includes a cavity having at least one aperture that extends from said front face to said rear face of said base portion.

9. (Previously Presented) A form as recited in claim 8, wherein said cavity extends more than approximately one-half the total thickness of the form.

10. (Previously Presented) A form as recited in claim 9, wherein said cavity extends more than approximately three-quarters of the total thickness of the form.

11. (Original) A form as recited in claim 10, wherein said reinforcement matrix comprises a series of integral braces, and wherein said cavity intersects one of said braces to provide additional structural support.

12-32. Cancelled

33. (New) A form as recited in claim 1, wherein said material is a polypropylene copolymer.

34. (New) A form as recited in claim 1, wherein said polypropylene copolymer includes at least one filler.

35. (New) A form as recited in claim 1, wherein said filler includes fiberglass strands.
